# World Congress on Engineering Asset Management (WCEAM 2009)
## *Workshop: 'eTraining in Maintenance'*

A workshop will be held, aiming at demonstrating the use of existing e-training solutions for Maintenance and Engineering Asset Management training. The workshop is an initiative of the EU *iLearn2Main project* (Industrial System for Modern Enterprise Maintenance – www.ilearn2main.eu) with the support of the *Hellenic Maintenance Society* (HMS).

The workshop structure will take place as follows:

1. The workshop will demonstrate the usage of the e-training system, developed within the context of the iLearn2Main EU project.
2. Participants will have the opportunity to present position papers of work-in progress or existing e-training systems for Maintenance Training
3. Participants will have the opportunity to use the iLearn2Main e-training system modules and competence assessment tools
4. A discussion will be held aiming at assessing current challenges in Maintenance eTraining

The workshop is seeking participation from industry, research & academia. Participants may:

    (a)      present position papers
    (b)      demonstrate existing (or work-in-progress) e-Training solutions
    (c)      or simply participate in the interactive workshop sessions

You may register your interest in participating at the workshop by visiting the congress site and completing the registration of an abstract at the congress site www.wceam.com or by contacting the workshop organisers (see below).

### Key dates:

**30 April 2009**: Register your interest in participating at the workshop by emailing the workshop organisers or by registering at www.wceam.com. You may register to (a) present a position paper (b) demonstrate a Maintenance eTraining example (c) participate in the interactive session

  (a), (b) If you are interested in presenting a position paper or demonstrate an e-training solution, <u>please submit an abstract of up to 1 page, indicating that the paper is for the Workshop **'eTraining in Maintenance'** at the title, during abstract submission.</u>

  (c)    If you simply wish to participate in the interactive session, please submit also an abstract, with paper title '*eTraining in Maintenance Workshop*' and provide your full name and affiliation.

**31 May 2009**: Those registering for a position paper presentation or e-training demonstration should submit an extended abstract of 3-5 pages.

For any queries, please contact the workshop organisers,
